

CAREER PROFILE: CAMP MAINTENANCE

Camp Maintenance Personnel are responsible for ensuring the cleanliness of camp facilities and mining camps. They perform a wide range of duties including:

- Keeping camp facilities clean
- Maintaining cleaning supplies
- Maintaining and upkeep equipment
- Performing routine maintenance activities
- Notifying management of the need for repairs
- Clearing snow or debris

These types of positions usually require shift work. That means two weeks at site followed by two weeks off. Depending on the needs of the camp, personnel may work longer days (e.g. twelve-hour day).

KNOWLEDGE, ABILITIES, & SKILLS

- Ability to work with hand and power tools
- Good hand-eye coordination
- Good organizational skills
- Attention to detail
- Ability to multitask and prioritize tasks

EDUCATION, TRAINING, & CERTIFICATION

There are no specific education requirements for this position. It is entry level and training is often provided on the job.

SALARY RANGE*

\$60,000/year

*Wage average as of July 2022.
